

DYNO BIKE

At XAP Technology, we are delighted to introduce our brand new service dedicated to motorcycle enthusiasts.

Whether you're a fan of circuit racing, enduro, or motocross, we give you the opportunity to verify your machine's power.

To ensure that your engine is always performing at its best, we provide a motorcycle dynamometer.

This will allow you to check your engine's power and make necessary modifications to its mapping.

You will be able to adjust the parameters according to your needs:

- Engine behavior analysis
- Adjustment of settings
- Fuel consumption optimization
- Power adjustment
- Conversion to ethanol

*Vehicles will no longer be dedicated to road use. In case of any road-related issues, we disclaim all responsibility.

OUR STRENGTHS:

- PRECISE PERFORMANCE ANALYSIS:

For clear and accurate data on your machine.

- CUSTOMIZED OPTIMIZATION:

A fine-tuned and adjusted mapping to extract maximum performance from your engine.

- PERFORMANCE GAIN:

You'll get a more linear engine, sharper acceleration, resulting in better control, improved riding comfort, and increased confidence.

- A BEFORE / AFTER EXPERIENCE:

The difference is immediately noticeable. You'll feel like you're riding a new machine, tailored just for you.

Ready to rediscover your motorcycle?

Why Choose XAP Technology?

XAP Technology is a partner of choice for competitive embedded equipment. With 29 years of experience, XAP has developed new and innovative technologies for all types of automotive applications.

We understand that each motorcycle is unique. That's why we tailor our reprogramming to your specific needs, whether it's performance, economy, or a perfect balance between the two.

With XAP Technology, transform your motorcycle into a perfectly calibrated machine, combining power, efficiency, and driving pleasure. Trust our expertise to push the limits of your two-wheeler in the most extreme conditions.

Your satisfaction is our priority !

By choosing XAP, you also benefit from personalized support from a dedicated team, ready to offer you an uncompromising experience.

Trust a partner that places your challenges at the heart of its priorities. Contact XAP Technology today and embark on a new motorcycle adventure.
